**DETAILED ACTION**

1. Claims 1-3, 6-9, 12, 13 are rejected under 35 USC § 102(b) as set forth in paragraph 6 in the office action of 6/12/03.
2. Claims 4 and 10 are rejected under 35 USC § 103(a) as set forth in paragraph 8 in the office action of 6/12/03.
3. Claims 5 and 11 are rejected under 35 USC § 103(a) as set forth in paragraph 9 in the office action of 6/12/03.

***Response to Arguments***

4. Applicant's arguments filed 9/15/03 have been fully considered but they are not persuasive. On page 2 of Applicant's remarks, Applicant states that Drussel does not teach or suggest cutting the encapsulated circuitry. However, it is not necessary that Drussel teach this to meet the claims, since the claims make no mention of encapsulated circuitry. Furthermore, an integrated circuit package may be interpreted as a substrate or any circuitry mounted thereupon. Also, the claims make no mention of cutting the integrated circuit packages into singulated IC units, so Drussel's cutting of holes meets the claim 2 limitation of "cutting the integrated circuit package to a predetermined shape."

**Conclusion**

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
